#### **Explanation of FATCA & CRS**

Neither Auscap nor Apex Fund Services is able to provide you with tax or professional advice in respect of FATCA or CRS and we strongly encourage you to seek the advice of an experienced tax or professional adviser in relation to completing the FATCA & CRS parts of this Application Form.

#### What are FATCA & CRS?

The U.S. Foreign Account Tax Compliance Act (FATCA) and the OECD Common Reporting Standard (CRS) are two ways in which a large number of governments are seeking the same thing – to improve global tax compliance. Both require financial institutions to capture relevant information on foreign tax payers, as follows:

- FATCA promotes cross border tax compliance by U.S. taxpayers, by implementing an international standard
  for the automatic exchange of information related to those taxpayers. Australia has entered into an intergovernmental agreement (IGA) with the U.S. to implement FATCA in Australia, administered through the
  Australian Taxation Office (ATO). The AUS USA FATCA IGA requires the ATO to obtain detailed account
  information for U.S. citizens and/or taxpayers on an annual basis. The effect of this is that, to satisfy their
  FATCA obligations, relevant Australian financial institutions must identify any U.S. taxpayers and report
  those taxpayers' financial account data to the ATO.
- CRS is a global reporting standard, developed by the OECD, for the automatic exchange of information (AEoI). Its goal is to allow tax authorities to obtain a clearer understanding of financial assets held abroad by their residents, for tax purposes. Over 100 countries (refer to OECD link on page 5 below for participating jurisdictions) have agreed to share information on residents' assets and incomes in accordance with defined reporting standards. Once again, this means that financial institutions around the globe must provide tax authorities with taxpayer financial account data, and the financial institutions must therefore collect this information from their customers and pass it on.

#### Common FATCA & CRS terms

**Financial Institution** (also referred to as *Foreign financial institution* or "*FFI*" under FATCA) – an entity created or organised outside of the U.S. and includes:
